

CLOTHING
(Ad Vanderveen)

Capo 2

F G C

Dressed for the weather putting on a vest
C F C
Throw it off trying on the shirt you love the best
G C
Feeling like a fever though you really feel alright
C F C
What to wear indoors what to wear outside
G C

Chorus

What kind of coat for wearing in this weather
F G C
What kind of fool runs naked in a storm
Am F C
How you gonna be alone how to be together
F G C F
How to let the changes roll along
CG
What kind of clothing you put on
F G C

What kind of chord you feel like striking
What kind of thing will come after the one
Could be the fourth or fifth you're liking
Could be the minor sixth that comes
(Am)

Chorus

Can't believe the changes I've been through
Was it all just choices that I made
Sometimes I can't believe the things I had to do
To really choose I'd be too afraid

But I don't need no forecast for the weather
I'd rather take it as it comes and goes
Cause every time I turn and run for shelter
It makes me worry, what else don't I know

Chorus
