(Ad Vanderveen)

Capo 4

Intro;

G Bm C G C D G

Meet me on the corner ask me how I'm doing

G Bm C G

I might say I'm doing fine

C D G

Same as everybody trying to make a good thing last

G Bm C G

And leaving it all behind

C D G

I wanna live I wanna love I wanna get what's coming

B C

And I wanna give what's mine

A D

You just suffer and enjoy what it'll offer

G Bm C G

And leave this world behind

C D G

Talking to my old lady talking to my new

I was trying to make things rhyme

All about moving from the darkness and the shadows

Out to where the bright lights shine

They wanna laugh they wanna cry they wanna fly

Be free or die trying

Gotta make the most of every time you chase the ghost

And leave this world behind

Chorus;

Leave this world behind

C D G

Leave this world behind

C D G

Can't wait to be free or die trying to

C D G Bm

Leave this world behind

C D G

I'm a grateful man I thank my lucky stars

To know this ain't my home

Seems like everybody's going round feeling homesick

For some place they've never known

They going far they're reaching out and touching everything

Except on their own mind
Makes me wanna rise makes me wanna close my eyes
And leave this world behind

Leave this world behind...
I believe I'll go round one last time and
Leave this world behind
